

Letter of Recommendation for Pamela Karr

February 26, 2005

To Whom It May Concern:

I had the pleasure of working with Pamela Karr for two years. As the IT Manager at Wellness Enterprises, LLC in Gainesville, FL, I had initially hired Pamela as an intern. After interning for one semester, I was impressed by her enthusiasm and initiative, therefore I hired her part-time for the duration of her master's studies.

Pamela is an exceptional individual in both personal and business regards. She has always outperformed my expectations in both knowledge and work ethic. During her time under my employment, I had also given her the authority to hire and manage additional interns from her college. Her leadership skills were strong, and the team worked fluently on projects I had assigned.

Pamela will be a huge asset to any work or educational environment. Some of her strongest skills and traits are intelligence, focus, diligence, energy, and most of all, a positive attitude. Her knowledge in programming and database management has proven to be advanced. Her first project working for me was to recreate the database infrastructure of our company and integrate e-commerce solutions with our website. Together, we created online management tools for distributors, affiliates, and customers of the company in less than four months.

Please contact me at any time if you need further information about Pamela. I highly recommend her for any future professional opportunities.

Sincerely,

Moses R. Nae
